Lifespan Respite Services

- Give caregivers a break from the extraordinary demands of providing ongoing care for their loved ones
- Provide referrals to connect families with trained respite providers who can meet their needs
- Provide information and referrals to connect families to appropriate services in the community

Developmental
Educational
Assistance
Program

*Connecting with individuals, families
and communities.*

Mission Statement

The mission of DEAP is to provide community-based services which support individuals and families to strengthen their skills and abilities and to enhance care and quality of life.

Overview

DEAP is a private not-for-profit corporation that provides a variety of family education, support, and residential services to individuals and families. Services are provided in eastern Montana. Individuals and parents are encouraged to contribute their resources, skills and time in collaboration with service providers.

DEAP's main office is located in Miles City with satellite offices in Glendive and Colstrip.

Since 1977, DEAP has maximized opportunities and community supports in meeting the individualized needs of people in Eastern Montana.

Disability Services

- Provide early intervention through Montana Milestones
- Provide home-based family education and support services to children with delays or developmental disabilities
- Provide individualized supports to adults with developmental disabilities
- Provide evaluation and diagnosis
- Provide children's group home services
- Provide specialized services to children with autism.

SPROUTS

(Supporting Positive Roots; Offering Unique, Teachable Strategies)

- Provides home visits to families with young children in Custer County
- Uses an evidence-based home visiting curriculum
- Provides support, encouragement and information on parenting and child development

Family Preservation Services

- Designed to increase the strength and stability of a family
- Provide Supervised Visitation Services
- Increase parents competence in their parenting abilities
- Referrals from Child and Family Services

Women, Infants and Children (WIC) Services

- Offer nutrition information
- Encourage normal growth and development of children
- Help to ensure that WIC mothers have healthy babies
